

Set 1: Instructions for Installing MILK-Cookie Manager (via Chrome Web Store)

Installing MLK-Cookie Extension

Thank you for participating in our usability study! Please follow these simple steps to install the MILK extension from the Chrome Web Store:

Step 1: Open Chrome Browser

Make sure you are using Google Chrome for this study. Please create a guest profile or a test profile on your chrome browser to do this. This will mitigate risk using any publicly available browser extensions. You can delete this profile after completing the tasks or do your own research on the browser extension if you wish to use it. We highly recommend using a different profile than your main one.

Step 2: Go to the MILK-Cookie Manager Extension Page

Click on the following link to access the MILK - Cookie Manager extension: [MILK-Cookie Manager](#)

Step 3: Install the Extension

1. On the MILK - Cookie Manager page, click the blue **Add to Chrome** button.
2. A popup will appear—click **Add Extension** to confirm the installation.

Step 4: Verify the Installation

You should now see the MILK - Cookie Manager icon appear in your Chrome toolbar (to the right of the address bar). If it's not visible:

- Click the **puzzle piece** icon (the Extensions menu) in your toolbar.
- Find **MILK-Cookie Manager** in the list and click the pin icon to pin it for easy access.

Step 5: You're Ready to Go!

Once the extension is installed, you're ready to begin the tasks as outlined in the study instructions.

Troubleshooting and FAQs

1. **Can't see the extension icons?**

- Click the **puzzle piece** icon in your Chrome toolbar to view all extensions and pin the ones you need.

2. **Need help?**

- Reach out to us if you encounter any issues during installation:
